Hastings County Riders Staged First Horse Show Sunday Afternoon

On Sunday, June 2nd, 1968, the Hastings County Riders held their first Horse Show of the year 1968.

They were very pleased with the turnout for the games and the classes and although everyone who entered into the activities didn't win, they felt it was enjoyed by all.

A highlight of the event was when the show was officially opened by George Hees, M.P., and Mrs. Hees.

Trophies, monies and ribbons were given as prizes for the first show of the year. This is the first time the Club had given trophies for first prize and it was a great success. Those who received them must be proud of them. Of the eleven trophies the Club had on display, 7 of these were donated by the following: English Pleasure, Lawson's B.A., Belleville; Western Pleasure, Ray Rose, B.A., Belleville; Pick-up Race, Stirling News-Argus; Trail Class, Ted's Tack Shop, Stirling; Large Annual Trail Class Trophy, Ray's Shoe Repair, Stirling; Large Annual High Points Game Trophy, Shaw's Shoe Store, Stirling; Tough Luck Award, Ted's Tack Shop, Stirling.

The 2 annual awards trophies may be seen at the two shoe stores, where they will remain until a winner is declared by a points system at the end of the year. Then the person's name will be engraved on the large trophy and the winner will receive a small model of the trophy.

The remaining trophies were sponsored by the Hastings County Riders.

Keep Stirling Clean Essay Contest

Following is the first place winner in the Junior Division of the Stirling Chamber of Commerce "Keep Stirling Clean" competition.

JUNIOR DIVISION LITTER BUG TOWN

(By Tim Whiteman, Grade 4)

A Litter Bug Town is caused by careless people who throw litter in the streets instead of using garbage cans. The litter found on the streets is cigarette packages, kleenex, candy papers, newspapers and many other things. People also throw litter from their car windows. Newsboys throw the outside wrapper from the papers on the street. The wind blows these over town.

Litter affects the appearance of streets, parks and school yards. Paper blows into people's lawns making them untidy.

We can help by using trash cans and if we do not see any, we can take our papers home and put them in our own garbage cans. People can have a paper bag in their cars to use instead of throwing it out while driving. When we eat in parks, we can use the trash cans instead of throwing the paper on the ground. Cubs and Boy Scouts can clean the park for a project.

Our town can be neat and attractive if we are not so careless. Everyone helps to make a litter bug town so it will take everyone to clean up Litter Bug Town.

Take Time

Take some good advice from the Farm Safety Specialists of the Ontario Department of Agriculture and Food. Take a little time — a few minutes — to tie up boot laces, put on the power-take-off shield, take off a ragged sweater. Take a little time — and prevent a possible accident.

Stirling Public Library Lists Many New Books For Your Enjoyment

We have new books in the Library to interest boys and girls of all ages. Storybooks for young readers include "Magic Michael" by Louis Slobodkin, the tale of a little boy who wishes he were someone else — for a while, anyway! There are two books to please young horse lovers: "A Pony Called Lightning" by Miriam E. Mason, tells the story of an Indian pony whose ambition to run faster than anything else helped him to become a hero. "Blaze and the Grey Spotted Pony" by C. W. Anderson is a new story about Billy and Blaze, those good friends whose adventures have always delighted young readers.

Mystery fans will find "The Mystery of Dolphin Inlet" by James Holding, full of suspense as a teen-age boy and girl help solve the mystery at a secluded inlet in the Florida Keys.

"Missing Melinda" by Jacqueline Jackson is a fast paced story. Boys, if you think because this story is about two girls and a missing doll, that you won't be interested, you are in for a surprise! "A Handful of Thieves" by Nine Bowden is a lively story about missing savings and Fred and his friends of the "Cemetery Committee."

Teenagers will enjoy "Senior Panic" by Winifred Johnson — Karen, Alma, Crystal and Becky set out to change their lives, and how they solve their problems makes entertaining reading. "Ginnie and Her Juniors" by Katherine Woolley is another story of a favourite friend, Ginnie. Canadian history comes alive in three new books in the series "Great Stories of Canada" — "Man From St. Malo", "Captain of the Discovery" and "Revolt in the West."

Holidays are coming soon, so watch for more new titles to suit various interests. —Happy reading.

Horticultural News

(By Mrs. Percy MacMullen)

On Tuesday, May 28th, Mrs. Floyd Armstrong, President of Stirling Horticultural Society, and ten assistants planted approximately 650 Rosy Morn petunias and marigolds in the various flower beds in the Village.

A few days previously, the Library boxes were planted with Trailing Tobelia, Star-Fire petunias and geraniums. That evening, the President, with two assistants, Mr. W. Ashby and Mrs. Dennis Armstrong, repaired the fence at the Cenotaph and planted two Flowering Crab trees and a corner plot of Rosy Morn petunias.

Mr. Fred Houchin was in charge of the planting of the red and white petunias at the Legion Hall.

The boxes on the bridge were arranged with a display of artificial flowers, and this will eliminate the watering problem.

The Village folk, as well as visitors, should be able to enjoy all this beautification during the summer season.

Friends of Mr. Allan R. Wannamaker will regret to learn that he is a patient in Belleville General Hospital, suffering from a broken hip from a fall. He was admitted on Wednesday of last week.

Presentations Made At High School

During its long history, Stirling High School has seen many students come and go. Many of these students have known Mrs. K. Bailey, who has taught in Stirling for twenty-eight years. It was on behalf of Mrs. Bailey's students, past and present, that a presentation was made in Stirling High's gymnasium, on May 30th. This symbolic gesture was made to show the students' gratitude for Mrs. Bailey's many years of service in the noble interest of education.

Before the presentation was made by Christine Preston, the students enjoyed a solo by Linda Walker. Dick Vreugdenhil delivered a speech outlining his "Adventure in Citizenship" in Ottawa, sponsored by the Rotary Club.

The President of the Student Council, Earl McFaul, addressed the students and thanked them for their cooperation in supporting the year's activities.

After Mrs. Bailey received her gifts, Earl McFaul, aided by Brenda Williams, presented Joe Irish, the custodian of the School, with a token of appreciation for his hard work in trying to keep the school building in order.

It was a memorable assembly, one which the students will think back on with a sigh, as the farewell to an era.

Seat belts are nothing new. Grandfather had one hanging by the bathroom sink.

The only people with whom you should try to get even are those who have helped you.

Local Lawn Bowling Club Makes Plans For Coming Season

Next to archery, Lawn Bowling takes its place as one of the oldest sports in the world. It is also one of the very few that has remained untouched by professionalism.

The oldest lawn bowling green in the world was established in Southampton, England, prior to 1299. The game also played its part in English history. Many are acquainted with the famous game in July, 1588, on Plymouth Hoe, with Sir Francis Drake delivering his bowl as the Spanish Armada was sighted.

The game was brought to Canada in the 18th century by English immigrants. Our close ties with the mother country speeded the transplant.

Members of Stirling Lawn Bowling Club are flexing their muscles these days, readying for the coming season, which will open next Thursday night, June 6th, with a pot luck supper followed by a jitney. Both are open to the public and anyone interested in this sport is invited to attend. If you are unable to make the supper, bowling will begin around 8 p.m.

The Club itself is not private or exclusive. The membership fees are moderate and the necessary equipment may be purchased inexpensively.

Lawn bowling is a great family sport, but it is wrong to class it as a sport for elderly people. In fact, it is one of the most scientific games played, and provides exercise and relaxation to men and women of all ages.

Lawn Bowling is played in the summer and early fall and is faced with stiff competition from other activities in the great outdoors: automobile trips, golf, tennis, baseball and many others. Unlike all these sports, however, lawn bowling assures the beginner that he can become a good player but never an expert or professional such as we know in golf and tennis.

As a sport, it is not unlike its sister sport, curling. However, the movement of the ball (or tee) offers a greater variety of shots and a wider opportunity to build up an end.

It is felt in some quarters that young people must be attracted to the game. At present, Lawn Bowling is in the same period of development as curling was prior to the introduction of the long slide. This revolution attracted hundreds of thousands of youngsters to the winter pastime. Lawn Bowlers are hoping for a similar revolution and results.

Welcome New Members

Once again, the "welcome sign" is up for any person, young or old, wishing to try his or her hand at this fine game. Bowls will be provided and instruction in the game will be provided by Club members.

So, come along and try your hand. The Club members are anxious and willing to assist the new bowler.

Laurel Lodge Coffee Party

A delightful Coffee Party and Bake Sale were held in the downstairs of the Oddfellow and Rebekah Temple, on May 20th, with an excellent attendance.

The guests were received by N.G. Sister Verna Woodbeck and V.G. Sis. Pat Merrill. All were asked to sign the guest book as they arrived.

Black dividers in wrought iron effect and decorated with "mod" motifs with an open gateway formed the entrance to the tea room. The walls were gaily decorated with huge sunflowers. A blue spotlight shone on a portrait of the Queen. The dessert table was centred with an antique chandelier inverted to form a candelabra holding six tapered candles and intertwined with roses. Subdued lighting added to the beauty of the room.

The guests were invited to the dessert table to choose their own desserts from a large variety of delicious dishes.

Sisters Marion Carter and Madeline Walker were the convenors of this successful coffee party. A bazaar table, convened by Sisters Irene Hogle and Flossie Dunkley, also proved successful.

OF MANY THINGS

By Ambrose Hills

A PLAN THAT WORKS
Around a farm there are so many little jobs to be done that a fellow frequently gets so bewildered by the wide assortment that he gets nothing done; or, trotting from one thing to another, he has a dozen jobs on the go at once. At the beginning of this year I therefore made a firm resolution that each night, before bed, no matter how late, I would take the time to write down on paper a promise for the morrow—one main task that I would devote myself to unrelentingly.

Already I can hear you betting that this went the way of all New Year resolutions. Well, you'd lose that bet! I wake each morning to see, at my bedside, an assigned task. I have completed more jobs because of this planning. If a job takes more than one day, it stays on the list until it gets finished. So I've had the job of pointing to things accomplished, instead of things started but unfinished.

While I am something of a cynic, I believe that some sort of black magic takes place in this process; that, having made the promise at bedtime, the mind of its own accord, does some work during the night. For there are mornings now when a job that seemed gigantic and difficult, becomes a pleasure and falls into place with remarkable ease. I had long ago abandoned all faith in the sub-conscious mind, or the "Brownies"—a famous writer claimed would work for him in his sleep; but now I am beginning to believe. Seldom these days do I allow three or four problems to do battle in my mind, creating confusion and despair. Instead, following the instructions issued to myself the previous night, I take a single problem and give it everything I've got.

This does not mean that every day is limited to a single task. Life is not just that simple; but one task predominates, and others seem to get done as well, with the left hand.

I wonder if the secret of the matter is that the human being in our society has been trained to follow written orders? Something thought about vaguely places no obligation upon us, but an order, written out in black and white, carries some sort of compulsion with it.

I have no patent on the idea. You are invited to try it. If it works for you as well as it does for me, you ought to enjoy a mighty productive 1968. I hope we all do. If there is anything Canada needs this year, it is a general increase in productivity. So how's about putting in a requisition to yourself on a sheet of paper by your bedside table tonight?

STUPID AND WRONG

It does not reflect creditably on the town to see a great many bottles thrown on the sidewalks and curbs, frequently broken.

In the first place, it is untidy and makes the town look so, until someone has cleaned up after the careless one who threw the bottle down.

In the second place, it is dangerous to children who are playing and also to car tires.

"Consumer's
Handbook"

Do you want to be a well informed consumer on food and drug protection in Canada? Do you want to know how and where to find answers to your consumer problems? Do you want to know how you can benefit the most from Canada's food and drug laws?

You can find answers to these questions in a bright newly revised booklet, "Consumer's Handbook", just released by the Consumer Division of the Food and Drug Directorate.

One section of the 26-page booklet outlines briefly the food and drug legislation and its enforcement. A question and answer section is composed of queries from consumers in the last two years. One popular question used: Does the Food and Drug Directorate control the use of food color or other chemical additives in food? Another on drug protection: Is all the information supplied on drug labels of importance to consumers?

The last section emphasizes some good consumer habits. Be a super dooper snooper! Read labels, compare and observe; query or report instances of offending regulations. The booklet invites your personal questions and suggestions on food and drug protection and provides the addresses of the local Food and Drug offices as a handy reference.

To further help you to be an informed consumer the "Consumer's Handbook" lists other publications available from the Consumer Division of the Food and Drug Directorate. For your free copy write: Consumer Division, Food and Drug Directorate, Tunney's Pasture, Ottawa 3, Ontario.

Guide Notes

On June 9th, the Brownies, Guides, Cubs, Scouts and Venturers have a District Church Parade in Foxboro. There will be boys and girls attending from all parts of the District. All together they should make quite an impressive parade. Stirling Guides are asked to meet at the Community Hall at 1.30 p.m. on Sunday.

Two of the Guides, **Laurie Glover** and **Kelly Dobson**, worked hard and passed their Cook's Badge on Saturday. I hear they make delicious brownies and so far I haven't heard of anyone in the Valchar family being desperately ill since Saturday. Thanks, Mrs. Valchar, for testing the girls.

On Monday night, we received some exciting news about camp. The dates have finally been set and six or eight of our girls are hoping to attend. The first Tenderfoot Camp will be held from July 14th to 21st. If this camp is filled up, another will be held from July 21st to 28th. I know the girls that go will make many friends and have a tremendous time.

On Saturday, June 15th, if the weather is agreeable, we hope to go on our Second Class hike. There are several tests on their Second Class which the girls can pass only in the outdoors. We hope to pass many of these on our hike. Until then, study hard for those exams, girls.

Yours in Guiding,
Capt. Pitman

HOG RATIONS FOR TODAY'S MARKET

With hog prices where they are, the last cent of profit on the feeding operation becomes increasingly important. You pretty well have to get more gain from a pound of feed, or cut the cost of each pound of feed the beast eats. Trying to cut the cost of the ration could prove expensive in the end.

We've come a long way in recent years in learning how to put together feeds that will do the job better, whether for hogs or some other kind of stock. There is a real danger in these days of falling pork prices of jeopardizing your feed efficiency by trying to cut corners on the feed formula, and the amount of protein you add to your rations.

The standard ration recommendations have been established on the basis of many experiments which proved exactly how much protein a hog needs for fast, economical growth.

One survey not long ago, indicated that about three quarters of the hog feed used in the province may be mixed on the farm. Many feeders may be sorely tempted to chisel a little on the amount of protein going into the mix.

What happens if you cut back? Well, the seriousness depends on exactly what kind of protein supple-

ment you buy. I don't encourage buying protein separately from vitamins. Why? - because if you do, it becomes more difficult to ensure a balanced ration. If you should do this cutting back on protein at this time (because of prices) would result in poor efficiency and poorer grade. This is especially true where corn is a mainstay of the ration.

If, on the other hand, you buy balanced supplements to add, then cutting back protein also cuts back on the vitamin-mineral content too, and the results are more serious. Reducing vitamins and minerals in the ration will likely produce slower growing, less thrifty hogs. This means feeding hogs for a longer period of time, increasing your feed and labor costs.

The results will be especially serious in young breeding stock. By reducing essential ingredients your hogs may get a variety of troubles, ranging from reproductive problems to trouble with the feet and legs.

There used to be an old saying, "Penny Wise, Pound Foolish". That pretty well sums up what happens when we try to cut corners on our hog rations. We may reduce the cost per hundred of the feed, but at the same time increase the total cost of marketing each hog.

Apply Herbicides Carefully To Save Crop Damage

Save money and avoid damage to crops by applying exact amounts of herbicides to crops. Careful calibration of a sprayer will guarantee your putting the right amount of expensive chemicals on a field. In applying herbicides, remember that too little would be effective, while too much may cause damage.

The most important factor in herbicide application is the concentration of the solution. Here is an easy, six-step method of calibrating a sprayer.

STEP 1 - Accurately measure and mark a distance of 40 rods (660 feet), or half that distance may be used, going both ways.

STEP 2 - Be sure the sprayer and all the nozzles, gauges, hoses, etc. are properly connected and working.

STEP 3 - Fill the tank with water. Be sure the sprayer is standing on level ground.

STEP 4 - Spray the length of the 40-rod test distance, travelling at the speed you are going to use on the field.

STEP 5 - Refill the tank, accurately measuring the amount of water it takes.

STEP 6 - Multiply the amount of water it takes by 66. Then divide the answer by the width of the sprayer (in feet) to get the number of gallons of water sprayed on one acre.

For example, if the sprayer has a 25-foot boom and it takes 3.5 gallons to refill the tank which equals 9.25 gallons per acre.

Different amounts of spray could be applied as required, by changing the speed.

Divide the number of gallons in the sprayer tank by the number of gallons sprayed per acre to get the amount of acres you can spray using

a full tank of water. Then to get the amount of chemical required for one filling, multiply the number of acres that can be sprayed by one full tank by the rate of chemical recommended for use.

Tire Safety

Many Canadian drivers leave a trail of dollars behind them as they move across the highways.

It isn't seen as dollars, but as a long black stripe—the rubber from their tires.

Modern tires are probably the next best thing to air for smooth travel, but the Canadian Highway Safety Council says that if drivers insist on high speeds, particularly in hot weather, they will burn the rubber off those tires and leave a trail of dollars behind.

The financial loss is not the greatest concern however.

During its Tire Safety Campaign, the Council points out that the long black stripe on the road means that the tire is becoming worn—smooth and thin.

This makes it a hazard to the car and the driver and any passengers, for a badly worn tire is a dangerous tire. It is easily punctured and easily ruptured if exposed to any excessive strain.

Check your tires and check your driving, says the Council and they will both last a lot longer.

Let's Fool 'Em (Windsor Star)

A team of British scientists has discovered a new star and reports that, because of mysterious signals which appear to be coming from it, the possibility of there being "another intelligence" trying to contact Earth cannot be completely ruled out.

Let's assume that they're right, and that another intelligence is trying to get through to us. It's comforting to think that at least someone has found signs of intelligence on Earth, a situation about which in blacker moments we're by no means certain.

Another thing this country needs is less Government in business and more business in Government.

Bell Canada Reduces Long Distance Rates

Plans for further reductions in long distance rates were announced by Bell Canada and the Trans-Canada Telephone System.

Under the proposals, the maximum rate for late-night three-minute station to station calls throughout Canada will be \$1.00 (compared to the present \$1.95); for similar calls within Ontario and Quebec the maximum rate will be 75 cents.

The Bell Canada plan, filed with the Canadian Transport Commission, represents the eighth reduction in toll rates affecting the company's customers in Ontario and Quebec since 1960. In a series of rate changes, based on the principle "the later the hour, the cheaper the call," the Bell proposal would save telephone users in its serving area an estimated \$34 million a year.

The reduced rates announced by

the Trans-Canada Telephone System, comprising the eight major telephone systems spanning Canada, will result in customer-savings of about \$500,000 a year.

"Despite the rising prices of most commodities and services in recent years, reduced long distance rates have been made possible because of the increasing volume of calls, the use of Direct Distance Dialing and more efficient transmission methods," said R. C. Scrivener, a Bell Canada executive vice-president.

The \$1.00 'cross-Canada late-night maximum rate will be for three-minute Direct Distance Dialed calls between midnight and 6 a.m. The present rate, from midnight to 4:30 a.m., is \$1.95. The new schedule is due to become effective September 15th.

Bell Canada's new schedule, slated for introduction July 7th, includes a 75 cent maximum charge for a three-minute station-to-station call placed between midnight and 6 a.m. within Ontario and Quebec. This would cut the cost of a call from London to

Bell also plans a \$1.00 maximum rate for a three-minute station-to-station call within Ontario and Quebec between 8 p.m. and 6 a.m. and all day Sunday. The present maximum is \$1.50.

The Bell Canada proposal, aimed at further encouraging greater use of Long Distance, also includes a \$2.00 maximum charge for three-minute station-to-station calls within its serving area of Ontario and Quebec between 6 a.m. and 6 p.m. Monday through Saturday. The present maximum is \$2.55.

Bell also proposes increases ranging from five to 20 cents on person-to-person calls under 100 miles; a starting time of 10 p.m., instead of 8 p.m., for the Family Calling Plan (10 minutes for the price of five); and a new rate of 10 cents for the first three minutes of any toll calls to points up to 10 miles away (where applicable), rather than the present charge of 10 cents for the first five minutes. This latter change would affect few customers since nearly 70 per cent of such calls are less than three minutes' duration.

Rate reductions up to \$1.10 are planned on person-to-person calls spanning more than 350 miles.

A combination of Family Calling Plan and the new late-night schedule would make possible a 10-minute call from Montreal to Toronto for 75 cents.

Bell also proposed a long distance

package service which will begin August 18th. Called Econo-pak, the service will permit individual-line residence customers to buy 60 minutes of DDD conversation time per month for a monthly charge of \$10. The Econo-pak rate would apply to calls between noon and 8 p.m. to any Bell Canada exchange within the home province.

All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. QUESTION — Dear Sir: It used to be, when I was a girl, that a person could buy only what he could pay for. Now, with credit so easy to come by, there is always the danger of overspending. Can you tell me how to avoid the pitfalls of using too much credit? — Mrs. R. M.

ANSWER — The availability of credit to the average consumer has been the means of raising the standard of living in North America. The danger, as you point out, is not in using credit but abusing credit. There are a number of things you can do to avoid this tendency, but I'll deal only with three at this time. First, your budget should show that you have enough money left over each month, after you have paid for essentials, to meet the payments for items you have purchased on credit. If your budget does not show clearly that you will be able to meet your payments, avoid making any credit purchase at that time.

Second, make no purchase on credit that you would not make if you had the money to buy it with cash. Here's an example. Suppose you

walked through a store and saw an item priced at \$49.95. If you would not be willing to take \$49.95 from your pocket and pass it across the counter for that item, you should not buy it—just because you can get it for no money down. Also, don't be deceived by the words "easy payments." There is no such thing as an easy payment. Every payment is hard.

A third rule that will help you avoid the tendency to over-buy on credit is this: Never make a major purchase on credit without thinking it over for 24 hours. Don't worry. The item will still be there the next day if you still want it, but you'd be surprised how often the deal will look entirely different to you if you sleep on it. One more rule (which is just as appropriate to cash buying as it is to credit buying) which will be helpful to you is this: Never make a major purchase without both the husband and the wife agreeing on the purchase. This will save you financial problems and marital problems.

NEVER MIND

We have often wondered why the average Senior Citizen girl wouldn't make a good after-dinner speaker. Could be because she can't wait that long to talk. At Senior Citizens last week, out of thirty-four present, twenty-eight were females and we heard twenty-eight of them all talking at once. It was like the music played by Nora — It never stopped.

Florence Hough was noticed walking around her chair and we all thought she was going to play musical chairs, but it was only to change her luck at cards.

We were happy to have Christine

Munro and George McMullen back with us again. Elizabeth Foster and Bella Lee succeeded in stuffing us with good things to eat. Thanks, girls.

Be sure to attend on Thursday for I smell a rat and keep June 13th open for that treat also.

Council To Call Tenders For Surface Treating of Several Village Streets

At the regular June meeting of Stirling Village Council, on motion of Councillors Maurice Faulkner and Robert Hulin, the Road Committee was given authority to call tenders for surface treatment on various village streets. The Clerk was instructed to prepare tenders for same.

Three ton of calcium chloride will also be purchased for use on the streets, on a motion of Councillors Claude Trumble and Robert Anderson.

Request For Sewer Lateral

Ernie Wannamaker, Baker St., interviewed Council relative to installing to the Village sewer system at his residence.

On motion of Maurice Faulkner and Claude Trumble, the Village of Stirling will petition the Ontario Water Resources Commission to have the missed lateral on Baker St. installed, which should have been made at the time of the first sewer installations. The motion also requested that the cost be paid out of the Village Sewer Contingency Fund.

Plan To Broadcast Trent Valley Jamboree

A letter of thanks was received from Mr. Jack McCaughen, on behalf of the Trent Valley Country Jamboree. It expressed thanks for all courtesies since the Jamboree began in November 12th, 1966. The letter pointed out that the Jamboree Committee hoped to build the show into a live radio broadcast, direct from the Stirling Theatre, when the shows begin again in September.

On motion of Hulin and Anderson, Claude Trumble was appointed the Village representative on the Lower Trent Region Conservation Authority.

The usual grant of \$125.00 to the Stirling Agricultural Society was made on motion of Anderson and Faulkner.

This was on motion of Trumble and Hulin.

Graduates

MISS PATRICIA DIANE MALLORY daughter of Mr. and Mrs. A. Raymond Mallory, Stirling, received a Bachelor of Arts degree in English at the Convocation at McMaster University on May 31. She is a former graduate of Stirling-Rawdon District High School and has accepted a teaching position at R. S. McLaughlin Institute in Oshawa in September.

Only Slight Increase In Rawdon Township Mill Rate

The 1968 tax rate for the Township of Rawdon was levied at a recent special meeting as follows:

	Res. & Farm	Com.
County	28.9	28.9
General and Road Rate	15.8	22.1
Public School Area No. 2	12.5	13.9
Quinte High School Area 18.1		20.1
Total	75.3	85.0

This year's rates are only slightly raised over 1967 with a 1.9 mill increase in farm and residential and 2.9 raise in commercial assessment. With this year's Province of Ontario residential property tax reduction most property owners in the township will have a reduction in taxes over last year.

Stirling Public Library Lists Many New Books For Summer Reading

There are many new books in the library; more, in fact, than we can get caught up with — processing, involving classifying, plastic covering on jackets, card-indexing — are all time-consuming.

Many of the titles you will find in the best-seller lists are now being enjoyed:

"Airport", by Arthur Hailey, Swift-paced, tension-packed story of eight hours in a modern air terminal. Fully as dramatic as "Hotel".

"The President's Plane is Missing", by Robert J. Serling. High drama of the sort suggested by the title.

"The Tower of Babel", by West. An excellent novel of the Israeli-Arab situation.

"Topaz", by Leon Uris, author of Exodus, Mila, 18, and highly excellent reading.

"Vanished", by Fletcher Knebel. Fans of this author will find he has written another book that they won't want to miss.

"Christy", by Katherine Marshall, author of "A Man Called Peter". You'll love it.

"Nicholas and Alexandra", by Massie; Laurens Vander Post's "Portrait of All The Russias"; Farley Mowat's "A Polar Passion"; "Vimy", by Herbert Fairlie Wood and many others.

Mr. G. S. Apperley, of Glen Rose, is kindly allowing us to display his paintings for the month of June. His modesty almost prevented us from getting his assent, but you will be glad that we prevailed. Do come in and enjoy them.

Films will be here throughout the summer, we expect, and we stress once more that we are very anxious to have the histories of all the small churches and schools and communities. If these are not typed up, we'll be glad to do so for you. We then get these xeroxed and keep one copy, returning the original to you. Please help us, won't you?

Happy reading.

The Old Grey Bonnet

Senior Citizens' hats of other days were decorated with apples, grapes, cherries and even birds. Some of them looked good enough to eat. Here's a parody on "The Old Grey Bonnet".

Put on your old grey bonnet
With vegetables upon it,
Onions, radishes and carrots, so sweet.

For the straw that it's made of,
You need not be afraid of.
It will taste like shredded wheat.

And speaking of "The Old Grey Bonnet", we hear that Nellie and Duncan Montgomery are celebrating a wedding anniversary this week. We don't know if it's forty or fifty but whatever it is, it isn't long enough yet. We hope you can stretch it to many years more of happy, wedded life. The same to you, Mary and Everett Cooke.

Over forty Senior Citizens enjoyed last Thursday's meeting. The climax to the day was the celebrating of Mame Morton's birthday anniversary. Her lovely, little, hair-raising daughter, Jean, and her three sisters, Ella, Edna and Mabel, really threw a spread. Dorothy's two daughters, Mary and Barb. Beatty, of Toronto, supplied the cake, which when presented to Mame, was alight with sparklers. It looked like a load of hay on fire and tasted, well — delicious.

Ann and Kathy Morton spread their smiles around as they served us good things to eat. We wish you many happy returns, Mame, and our thanks to all your good friends for letting us in on this party.

County School Area No. 2 Adopts Three Term Enrolment System

The Public School Board of Hastings County School Area No. 2 is adopting a three term system for children entering Grade 1 during the school year 1968-69. The first group of children, who will be six years of age by December 31st will begin on Sept. 3rd. The second entry time will be on January 6th for children who will be six years old between January 1st and April 30th 1969. The

third group of children who reach their sixth birthday between May 1st and August 31st, 1969 will be enrolled April 1, 1969. Thus the children in the second and third groups who will be enrolled during the school year will have only a four month chronological age spread in each group. Although many differences will be noted and treated, each group will be more homogeneous in their readiness than the usual starting group who may have an age spread of eleven or twelve months.

With the exception of those who would have been in Kindergarten, children entering in January are in school eight months earlier than

under the present system. This is six months of full day school, the equivalent of twelve months of Kindergarten. The child who enters in April will have three full months of Kindergarten Primary, or the equivalent of six months of the regular half day Kindergarten. This program thus allows for school entry during the year of all children, except those of four years of age, who would have been attending a regular kindergarten.

The program is basically designed to allow all of the children of the area an equal opportunity to take an active part in a readiness and developmental program that would provide the advantages of kindergarten and continuous progress. In September

the classes will be kept small so that the teacher can arrange her class into two groups according to aptitude and ability shown. In January the third group would be added to each class. The three groups now in the classroom would proceed at their own level. One group may be well advanced in the reading program, the second group may just be beginning reading from a basal reader, while the third group are having experiences to develop readiness. Each group will move at its own time through the experience and program planned by the teacher. If, during the term, a child is having difficulties he can be regrouped with a group that began only four months after he did. Thus he does not repeat a full year and could be regrouped twice and still not be behind where he would have been if he had started Grade 1 the next Sept. The child who is very capable can be regrouped with a group of children who started four months ahead of him. He is not asked to accelerate a complete year over a short period, which often turned a good student into a mediocre one, but is placed where he can achieve success and understanding. Children may be grouped and regrouped in this situation according to abilities and achievement in different subject fields. One child may excel in mathematics and work with an upper group, but work within his own group in reading. Many variations of this type will be obvious as the program develops, and acceleration and deceleration are facilitated.

Economically, there will be no significant increase in the cost of transportation or instruction. With the children attending for a full school year the Board will not have to increase its transportation as it would have to for a half day kindergarten. If half day kindergartens had been continued or introduced the cost of transportation for the Board would have increased greatly - nearly doubled. The Board will receive an increased grant for full day pupils rather than grant on a half-day basis by adopting this plan.

Thus to provide an economically feasible situation and an opportunity for a basic readiness and developmental program for each child, whether rural or urban, the Public School Board of Hastings County School Area No. 2 plans to adopt this program on a trial basis for the school year 1968-69.

Rylstone

(Mrs. Ella Jones)

Mrs. Richard (Nellie L.) Morton
The community was shocked, on Wednesday morning to hear of the sudden passing of Mrs. Richard Morton, daughter of the late Mr. and Mrs. Andrew Reid of Springbrook. She had been a patient in Campbellford Hospital for several days but had returned home on Saturday and was showing some improvement, when she took a sudden heart seizure and died, early Wednesday, May 29th.

She was in her 69th year. Born near Springbrook, she received her education at the Bateman School and Madoc High School. She graduated as a Public School Teacher, which she continued till her marriage to Richard "Dick" Morton over 40 years ago. After their marriage they lived on the 9th Line, until her death. She was a member of Springbrook Assembly, Gospel Hall.

Besides her sorrowing husband, she leaves 2 daughters, Mrs. Bob Runnalls, (Jean), of Harold; and Mrs. Ralph Thompson (Ruth) of Springbrook, one son James, of Rylstone, and nine grandchildren. She is also survived by one brother, Arthur Reid, of Springbrook. Two brothers, Wil-

son and Dr. Ernest Reid and a sister, Mrs. Susan Heath, predeceased her. Of a sunny, friendly nature, she will be sadly missed by the relatives neighbors and friend.

She rested at the Bennett-Weaver Funeral Home, Campbellford, till 2:00 o'clock on Friday when the Memorial Service was conducted by Mr. Wm. E. Belch, of Belleville, assisted by Rev. E. Gordon Apps, of Rylstone Church, where interment took place in Rylstone Cemetery.

Pall Bearers were Bob and Percy Reid, Fred Petherick, Ralph Heath, Wes. Finch and Don Stewart.

Personals

Mrs. Don Petty of Niagara Falls spent the weekend with her parents and brother, Mr. and Mrs. Percy Reid and Ted.

On Saturday evening Mrs. Percy Reid, her daughter, Mrs. Don Petty and Mrs. Essie Reid, attended a shower in honour of Miss Joyce Cooney, of Frankford, bride of the Month, at the home of Mrs. Harry Vandervoort, at Stirling.

Mrs. Annie Saver, of Buffalo, spent a few days last week with her nieces Mrs. Ralph Heath and Mrs. Walt Reid and other relatives in the community.

Last week, with an emergency, in the Community, we were also without telephone service. This does not stop the regularity of the little brown "gimme" envelopes which arrive every month, service or no service. Probably we should "riot".

On Sunday during a thunder storm heavy rain fell, accompanied by hail, the size of gooseberries. This knocked down some heavy stands of hay and garden plants. Some of which

may recover.

**FAMILY
FARMS**

**THIS IS HOW A PROGRESSIVE CONSERVATIVE
GOVERNMENT WILL HELP YOU !!**

The family farm has been fighting a losing battle. The average income per farm in eastern Canada is less than \$1,600.00 per year. Increasing costs of feed grains, non-marketable surpluses of butter, eggs, milk, the high cost of credit, and hit-or-miss government policies have driven many farmers from their land.

The Progressive Conservative Party program is planned to give the utmost assistance to family farm operations; to establish a program to convert marginal farms into paying farms. Here are the first steps that must be taken:

1. A permanent Eastern Agricultural Bureau — This permanent bureau for Eastern Agriculture would co-ordinate agricultural policies and conduct overall assessment of the most economic utilization of the great Eastern agricultural resources.
2. Feed grain — Transportation assistance to provide feed grain at reasonable prices for beef, dairy, hog and poultry farming. Assistance for forage and grain crops. Low interest rates to encourage extension of feed grain acreage. Increase emphasis on feeder lots and community pasturage. Better fertilizer subsidies.
3. Surpluses — Step up sale of agricultural surpluses to foreign countries. Initiate

effective anti-dumping measures. Assistance to industries utilizing dairy products to eliminate non-marketable surpluses of butter, eggs, milk, skim milk powder and industrial milk.

4. Reactivate ARDA Program — Better co-ordinated and regionalized making it possible to deal more effectively with provincial agricultural agencies.

5. Livestock insurance — Through extension of crop insurance.

6. Review tax load on farmer — With a view to accelerating rate of depreciation on farm storage facilities, additional production buildings and future land development.

7. Amend Farm Improvement Loans Act and Farm Credit Loans Act — To be tied in with province farm improvement funds. This would include extension of terms of repayment.

7. Seasonal duties — Review and update methods of protecting markets through a whole new approach to tariff, subsidy, quota, acreage control and license to produce in co-operation with provinces and producers.

Mount Pleasant

(By Mrs. Percy MacMullen)

A large number of trees are covered with small, green worms that are destroying the leaves.

The afternoon Church Service was cancelled owing to the Dedication at Carmel Cemetery.

Messrs. Frank Emerson and son, William, Moira, were guests of Mr. and Mrs. Sid Williams on Sunday.

Mrs. W. E. Roberts, Toronto, and her nephew and wife, Mr. and Mrs.

Walter Benedict, attended the service at Carmel on Sunday and also visited Hubble Hill Pioneer U.E.L. Cemetery, where her parents, the late Manford and Eliza Hoard, are laid to rest. Mrs. Roberts was the former Winnie Hoard. She gave Mrs. Percy MacMullen a generous donation to assist with the upkeep of Hubble Hill Cemetery.

Mr. and Mrs. William Farar, Kingston, spent Tuesday with Mr. and Mrs. Milford Wrightman.

Twenty-five people from here at-

tended the Dedication ceremony of the new gates on Sunday afternoon in Carmel Cemetery. This land was donated about 1876 by Philo White, who is the great grandfather of Mrs. Percy MacMullen.

Seven ladies from here attended Springbrook Afternoon Tea and Bazaar on Thursday afternoon.

Rawdon AOTS Men's Club held their Family Night on June 6th in Bethel Church Hall. Rev. W. C. Cox conducted the devotional and Mr. Grant Richardson gave the message.

Carmel

(Mrs. Arthur Pyear)

Mr. and Mrs. Ted Post, Apsley, were Wednesday visitors of Mr. and Mrs. Joe Grills.

Mr. and Mrs. Charlie Smith were Sunday evening dinner guests of Mr. and Mrs. Kenneth Bush, Con. 2, Sidney. Both couples were celebrating their wedding anniversary.

Mr. and Mrs. Gerald Clancy and family, Wellman's, were Sunday visitors of Mr. and Mrs. Harry Brown.

River Valley W.I.

Mrs. Sheldon McIntosh was hostess for the June meeting of River Valley Women's Institute with fifteen members and two pre-school children in attendance. This included a new member, Mrs. Glenn Bennett and her baby daughter, Annette Teresa.

The Vice-President, Mrs. Roy Tucker, presided and opened with the Institute Ode and The Mary Stewart Collect. The roll call centred around "A Verse From an Old School Reader" and this brought memories of school days. Several old readers were also displayed.

Mrs. Ernest Carr read the minutes and Mrs. J. L. Donohoe gave a full financial statement. Mrs. Jack Bush read a 1923 clipping and Mrs. Roy Tucker read an article re The Milk Marketing Board.

Mrs. Percy MacMullen reported a new Institute formed at Lonsdale in Hastings East on Easter Monday with thirteen charter members.

For Friendship Links, Mrs. MacMullen read a letter from Mrs. Coombs. This told of the various plans of Abbot's Leigh W.I. for entertaining elderly folk and coloured and white children from Bristol.

The A.C.W.W. Secretary gave a report of the White Elephant Sale in May and twenty dollars was placed in the Penny Fund at the District Annual Meeting. She also read items of interest from The Countrywoman Magazine. The Pennies for Friendship were gathered.

Mrs. Glenn Bush, convenor of the swimming project, outlined the plans. The class will begin on July 1st and each child will pay four dollars, as previously, to assist with the expenses of pool and bus fees.

There will be no meeting in July, but a picnic will be held on Sunday, July 7th, at Bird's Beach, Oak Lake. Bring your dishes and your food and all are welcome.

The Hastings West District Picnic is scheduled for July 16th, at Zwick's Island.

The River Valley W.I. will cater on Monday evening, July 29th at The Hickson Sales Barn at Hoard's.

Five dollars was donated to Stirling Fair Board Ladies' Division for two prizes for a plate of six rolls or buns in three varieties, open to Institute and 4-H Club members.

The programme was convened by Mrs. Percy MacMullen. Mrs. Glenn Bush gave a concise report of the morning session of the recent Annual Meeting of Hastings West District and Mrs. Percy MacMullen gave a few highlights of the afternoon session. Mrs. Ernest Carr read her item re Centennial Year at River Valley, which she had given at the District Annual Meeting.

The hostess provided an organ selection and all sang "School Days".

Mrs. Sheldon McIntosh, delegate to the Guelph Conference, gave a very informative report of the various topics. To mark the twentieth anniversary, the General Assembly of the United Nations has designated 1968 as Human Rights Year. Mrs. Aroti Dutt, World President, says the basic aim of A.C.W.W. is to raise the standard of rural life.

Mrs. Jack Bush gave several up-to-date current events and conducted an interesting quiz on our new electoral riding — Prince Edward-Hastings.

Mrs. Percy MacMullen read an article which had been prepared by a friend on the theme "A Winner Never Quits and a Quitter Never Wins". The Institute Grace closed the meeting and the refreshments were provided by the hostess and her assistants, Lois Bennett, Beatrice Harry and Margaret McDonnell.

At the close of the social hour, Mrs. Ernest Carr voiced appreciative thanks to all who had contributed to the successful afternoon.

Cyclists Injured Near Wallbridge

A 19-year-old motorcyclist remained in critical condition today with injuries caused when his machine collided with a car catapulting him down an embankment near Wallbridge on Wednesday night of last week.

Ronald Geen, 19, of Stirling, is still under intensive care in Belleville General Hospital with severe internal injuries and multiple leg fractures.

A companion, Terry Shorey, 17, of R.R. 2, Frankford, was in satisfactory condition recovering from cuts and bruises.

Provincial police said Geen was steering the motorcycle with Shorey on the pillion, when the head on crash occurred on a hill on Sidney township's fourth concession, about a mile west of Wallbridge.

The impact hurled both youths over a fence and about 10 feet down a steep embankment.

The driver of the car, Edward Cairns, of Stirling, was unhurt.

The accident was witnessed by friends of the injured youth, accompanying them on two other motorcycles for a night's drive in the area.

Bowes & Cocks Open Branch Office In Campbellford

A large Real Estate Company, Bowes and Cocks Limited, last week announced that Campbellford had been selected for a Branch Office. The President, Mr. William Cocks, stated that his firm had decided on this location because of the growing importance of the entire area. The Company, with Head Office at Peterborough, has shown remarkable growth since its beginning in 1956. They now operate 11 Branch Offices throughout Eastern Ontario, including a large Toronto operation.

They were the first in Canada to introduce a computer to the Real Estate business to scan the listings in a matter of seconds and find the exact property for the buyer. They now employ about 150 salesmen and have annual sales of 40 million dollars. The local office will serve the entire district and is managed by Thornton Waters, a former resident of Campbellford.

To celebrate the official opening, a dance was held on June 1st, at the Campbellford Legion Hall, and about 200 attended this enjoyable get-together. Guests included a party of 15 people from Head Office in Peterborough.

There was some discussion on whether to supply sandwiches for a coming troupe tea, and also on the advisability of holding a garden party on the grounds of the Hall. A

Used Cars Must Be Mechanically Fit

All used cars sold in Ontario — more than 600,000 annually — will be subject to inspection for mechanical fitness under a measure introduced in the Legislature recently by Transport Minister Irwin Haskett.

Describing the move as "a major advance in the interests of greater safety on the highway," he proposed new and tougher inspection standards as well as a requirement for the inspection of used cars sold privately. Those sold through dealers were brought under an inspection law last year.

Wellman's U.C.W.

Mrs. John Rainie was hostess for the June meeting of Wellman's United Church Women. The President, Mrs. Kenneth Tompkins, opened the meeting with a poem and prayer. Mrs. Fred Beckett acted as pianist for the afternoon.

Mrs. Alfred Akins had prepared the worship service and used as her opening hymn, "Happy the Home". Mrs. Howard Wallace read the Scripture lesson from Hebrews 13.

The theme of the meditation was "A Larger Hospitality". We are exhorted to entertain first brothers and then strangers. Just as the strangers who came to Abraham's home proved to be angels, so we receive blessing when we open our lives to the unexpected visitation. Christ is pictured standing outside a closed door and knocking. Let us not lock out strangers.

The roll call was answered with a verse of Scripture containing the word "Love".

The members were reminded of the school for United Church Women to

be held at Albert College, June 21-23. Since this was the last meeting of Wellman's U.C.W. before the closing of the church, some time was spent discussing the disposal of the funds and furnishings belonging to the Society.

Mrs. Gerald Russett rendered a solo, "My Task", and Mrs. John Carlisle gave a reading "Dedication". The offering was gathered by little Gloria Russett and dedicated by the President.

Mrs. Omar Dracup had prepared the Bible Study on the section, "The Church Reforms Itself To Serve the World". Reform is needed when the church no longer plays its role in the world. Even in the life of the early church, evil appeared and had to be dealt with. During the middle ages, the church had become worldly and corrupt but Francis of Assisi and his band of followers changed lives by their shining example of devotion to Christ. John Wyclif and John Hus desired to reform the church, but failed. A critical spirit had been aroused and Martin Luther pioneered the Reformation in Germany followed

by Calvin in Switzerland. The English Reformation came in the time of Henry VIII with a great revival of the eighteenth century led by George Whitefield and John Wesley.

Renewal continues to occur in the life of the church today whether in small groups or mass revivals. Mrs. Tompkins thanked all who had helped with the meeting and Mrs. Rainie for opening her home. She also expressed her appreciation for the co-operation she had received during her term of office.

Mrs. Jim Pollock took a picture of the group and the hostess and her assistants served lunch.

Master Stephen Andrew McGee

Master Stephen Andrew McGee, of 80 Mill Street, Frankford, died suddenly in Belleville General Hospital on Wednesday, June 5th. He had been ill one week.

He was born in Belleville, four years ago, the son of Mrs. Valerie McGee and the late Keith McGee.

He previously resided in Marmora with his parents.

Master McGee rested at the Duffin-Hogle Funeral Home, Stirling. Service was held in the chapel on Friday, June 7th, at 1:30 p.m. Interment was in Stirling cemetery with Rev. I. Caswell officiating. Bearers were James Wright, Earl A. Bristol, John Loucks and Eric

Moose Season In Lake St. Peter Area This Fall

In reply to a recent inquiry by Clarke T. Roffin, M.L.A. (Hastings), Minister of Lake St. Peter area, the Honourable Lands and Forests, that there will be an open season for regular deer season.

The Minister also states that the decision to have a season in the

southern Ontario, moose range during 1968, was based upon the results of a rather comprehensive aerial survey carried out from January to late February. It would appear that throughout most of the southern districts, we again have huntable densities of

moose. This certainly is an area where man the hunter can control the moose numbers and in order to wisely manage the moose resource in the area, it is going to be necessary for us to intensively survey the area year by year and adjust seasons annually based on numbers of animals found in the surveys.

MR. AND MRS. DOUGLAS VERNON HOLT

HOLT — MYLES WEDDING

St. George's Church, Scarborough, Ontario, was the setting for the Spring wedding of Diane Lorraine Myles, daughter of Mr. and Mrs. Percy D. Myles, Scarborough, Ontario, and Douglas Vernon Holt, son of Mr. and Mrs. James V. Holt, Stirling, Ontario, on Saturday, May 11th, 1968, at 4 p.m. Rev. Speakman officiated before the altar which was adorned with white and yellow snapdragons.

Given in marriage by her father, the bride wore a white chiffon over satin gown and carried a bouquet of orange roses. The bridesmaids were Barbara Warburton, Toronto, Anne Marie and Judy Myles, sisters of the bride, Linda Wilkins, cousin of the bride, Burlington. They wore yellow taffeta gowns and carried yellow roses. The groomsmen were Dennis Bush, Madoc, Ontario, and the ushers were

James Stevenson, Victor Holt, brother of the groom, and Jack Myles. Ring bearer was David Myles. The reception for eighty-five guests was held in the Rainbow Room of West Rouge Hill Restaurant. The bride's mother received her guests in a rose coloured dress with mink stole and matching accessories. The groom's mother assisted in a green dress with beige accessories. For the wedding trip by plane to Daytona Beach, Florida, the bride donned a blue brocade two-piece suit with white fur trim on sleeves and blue accessories. Out-of-town guests were present from Toronto, Stirling, Madoc, Lisle, Barrie, Burlington, Stouville and London, Ontario. The young couple now reside at 18 Tinder Cresc., Toronto, 16, Ontario.

Preparation for the Show Ring. The Fair Board has provided prize money of \$2.00 to each member who completes this beginners project and they will receive ribbons on the basis of A, B and C groupings. The project will complete at Stirling Fair on August 31, 1968.

Boys and girls in this pre-4-H or beginners age group must have their entries made by June 30, 1968. They can make entry by phoning Douglas Detlor at R.R. 4, Stirling, and leaving their name. An entry form will be sent to them. It must be returned to Douglas Detlor by June 30, 1968.

Guide Lines

If you were one of the people who looked, with raised eyebrows, at the Guides on Monday night, as we walked around town staring at different buildings, don't be alarmed. We were just playing an observer's game. That is, the Guides were told to observe thirty designated buildings. Then when we got back to the hall, they were asked questions such as this: What colour are the curtains in the Econ-o-wash? or What kind of flowers were in Mrs. Whitehead's window?

You should try that some day. It's amazing how many things you see nearly every day and yet do not observe. We're happy to say that five Guides answered 20 or more of the 30 questions correctly and therefore passed their test.

This Saturday, June 15th, we have planned to go on our hike. The girls are to meet at Capt. Pitman's at 9.00 a.m. equipped with knapsack, canteen (if possible) and their own dishes. We have five different tests we hope to pass during the day. These are Trail, Stalking, Nature, Outdoor Fire, and Hike. It should be a very busy day and maybe will serve as a celebration for the end of exams.

A word about camp: We are very happy that 7 of our 14 Guides are going to be able to go to camp this summer. This will be a wonderful experience for them, as anyone who has been to camp knows. Of course, we are always in need of camp staff. If anyone is interested in assisting, please let me know.

A word to the Guides: Next year registration fees are going up to \$2.00. Don't wait until Fall and then ask Mom or Dad for it. Start now and earn it during the summer.

Campaigners Debate Issues In Rally Held By Hastings Farmers' Union Thursday Night

Farmers and politicians have more than their differences in common. Both vocations are dominated by men.

But Thursday night, a woman stood before six politicians — all men — and put the case for Canada's farmers.

The presentation was a highlight of the latest — and liveliest — political debate in the Quinte constituencies since the June 25th election campaign opened.

Close to 400 people packed the Stirling Theatre here and heard a catalogue of complaints outlined in a brief presented by Mrs. Jeanne Williams, secretary of the Hastings County Farmers' Union which sponsored the confrontation involving candidates from two ridings.

"Don't wait until election time,"

Mrs. Williams reminded them. "Farmers have needs as well as votes."

On the receiving end of her brisk admonition were: George Hees (PC), George Cunningham (Lib.) and Peter Meidema (NDP) — battling for Prince Edward-Hastings and Lee Grills (PC), Donald Burshaw (NDP) and Charles Bates, president of Hastings Liberals.

Mr. Bates was pinch-hitting for Liberal candidate Robert Temple, campaigning all day in Bancroft and unable to make it back in time for the meeting.

Something urgently had to be done for agriculture before the individual farmer gave up the ghost and corporate farming took over, Mrs. Williams indicated.

Governments, she warned, are doing little to make the industry attractive for younger men.

"The older ones will soon be gone, others worked to death, some (have gone) into industry, and this leaves the site ripe for corporate farming."

Such an eventuality will be realized unless "all governments do something about the plight of the farmer — and that immediately," insisted Mrs. Williams.

The plight of the farmer provided enough grist for a two-hour debate mill, peppered with banter from the floor.

Some of the heckling wound up on stage.

"Give some one at the other end a chance to talk," George Hees was peremptorily told as he rose to answer one of the evening's tide of questions.

"Would you like to come up and talk?" shot back Mr. Hees, beckoning with both arms outspread. "Come on. Come on up on the stage!"

The heckler, did, but stayed briefly. Moments later, Earl Sager, a former reeve of Madoc township, was verbally pushed onstage by the audience after he interrupted a flow of answers on farm surpluses.

He went before the footlights to point an admonishing finger at the seated row of politicians and told the audience:

"These men are the victims of the party machine!"

"I got so fed up with double-talk," he declared, and went on to announce the federal ARDA program as an encouragement to surpluses.

"Our capacity to produce, as far exceeds any sensible need for consumption," Mr. Sager also told the audience.

For the most part though, the evening remained firmly in the grip of the candidates, without party cliques taking over.

Partisan demonstration cooled when George Cunningham — whose supporters crowded the front rows — told the mini-skirted girls and men waving placards at his introduction:

"Keep the posters down. As much as I appreciate the effort... I would rather that you didn't do it."

Among the themes expounded by the candidates were:

HEES — Action must be taken to protect both consumers and farmers from tightening price squeezes.

"There's somebody in the middle who has been taking quite a large slice out of what the consumer pays. Who is it — who's getting an ever-increasing slice of the consumer's dollar?"

"One of the things I would like to see done is to have a royal inquiry to see what happens to the farmer's dollar... to see who is getting it."

IT'S NOT ALL a man's world. Thursday night at a Stirling political debate a lineup of male politicians had to take suggestions about farm problems from a woman — Mrs. Jeanne Williams. As secretary of Hastings Farmers' Union she presented a brief to (from left) Conservatives George Hees and L. Grills, Liberal Charles Bates, Peter Meidema and Donald Burshaw of the NDP and George Cunningham, Liberal.

Miles of Fun

There's a soft spot in the hearts of Senior Citizens for Keystone Chapter, No. 72, Royal Arch Masons, who did themselves proud last Thursday.

They organized a cavalcade of cars and really treated twenty-eight Senior Citizens to a very pleasant afternoon. This trip of 120 miles was headed by Burton Woodbeck and followed by Lindsay Sills, Bruce Bell, Dave Hollinger and Gord Bailey.

Our route was to Deseronto, where we crossed the new bridge, which most of us had never seen, and then west along the water-front to Gardenville, Brighton and then to Coderington where we viewed the fish hatchery. We had to put Bruce Bell in shackles to keep him from casting for some of the beauties we saw there.

Hub Faulkner missed most of the scenery as he used up yards of paper trying to count the Liberal picket signs along the way. Lindsay Sills told him he could save a lot of paper if he'd try to keep track of the votes instead of the pickets.

We landed back to a pot luck supper at 5:30 and were happy that our drivers shared it with us.

One of our back seat drivers remarked — Well perhaps Moon will take us to his wrecks and get us some good used parts.

Glasses tingled and Nellie and Dunc responded with a good mugging demonstration — this being their wedding anniversary.

While Moon was enjoying his food he said — Wouldn't this be a tough spot for a man with arthritis in his eating arm.

Vice-President Fred thanked Keystone Chapter and in particular the drivers for their kindness to us. 1st Principal Dave replied saying it was their happy privilege and pleasure.

Don't we have fun,

Local and Personal

Captain Paul Guerriero, who is a pilot on the Panama Canal, stayed overnight with his aunt, Alice O'Donnell, last week. He was accompanied by Mrs. Guerriero.

Brian Eggleton and Tom McLaren, of Hamilton, are spending the week with Mrs. Herbert Wood.

Mr. and Mrs. J. L. Good spent last week end in Ottawa, guests of their daughters and families, Mr. and Mrs. David Vice and Mr. and Mrs. R. J. Palmer.

Mr. and Mrs. Charles Hughson, of Buffalo, returned home on Tuesday after spending a week with their cousins, Mr. and Mrs. Everett Cooke. Mrs. Earl Eggleton and daughter, Mrs. Gordon McGregor, of Beamsville, spent the week end at their cottage on Salmon Lake.

Guide Log

The Guides had a very successful hike last Saturday in spite of a little rain in the morning. Our only fault was that we got all the way out to the campsite and then discovered that we left our hamburger at home in the refrigerator. Consequently Lt. Dobson and Judy Cooke had a little extra hike all the way back to town.

The Guides were able to pass four tests on the hike. They are Trail, Stalking, Outdoor Fire and, of course Hiking. Also, four girls have now handed in their Nature samples.

We would like to thank the Scouts for the use of their patrol cooking kits.

On Monday, we had ten Marmora Guides and two of their leaders to visit us. We had a very enjoyable evening under the direction of our seven Guides who were being tested for their Hostess badge.

The Guides from both companies were very eager and excited to meet the Guides from the other company. Early in the evening there was much chatter about camp, skits and badge work. The seven Guides who passed their Hostess badge were Judy Cooke, Kelly Dobson, Laurie Glover, Julie Hunter, Janet Munro, Jill West and Susan Wright.

Next week we are meeting at the Community Hall for another try at Kim's game and then are winding up the season with a wiener roast at Capt. Pittman's.

Trudeau and Stanfield To Visit Belleville This Week-End

TRUDEAU AT BELLEVILLE

PLAZA SATURDAY

Liberal headquarters in Ottawa have confirmed the timing of Prime Minister Pierre Trudeau's visit to Belleville saying he will arrive in the city some time after 5 o'clock Saturday afternoon, June 22nd.

Hastings riding Liberal candidate Robert Temple said the time of Mr. Trudeau's arrival had been confirmed Monday by the prime minister's office.

The schedule calls for Mr. Trudeau to fly in to Canadian Forces Base at Trenton and proceed by motorcade to Belleville and on to the east end shopping plaza for a speaking engagement.

After speaking in Belleville, Mr. Trudeau is expected to continue on through Eastern Ontario.

STANFIELD PLANS BELLEVILLE VISIT

Conservative leader Robert Stanfield will wind up his national election campaign in Belleville next Monday, June 24th.

Conservative party headquarters announced yesterday plans had been completed to allow Mr. Stanfield to visit Belleville before flying to his Nova Scotia home base to await the June 25th election result.

Site of his arrival in Belleville will be Zwick's Island, where the Conservative leader's jet helicopter is scheduled to touch down at 5 p.m.

Never before has Belleville — key centre of Hastings riding — received so much attention in so short a time.

The Conservative leader will arrive just 48 hours after Prime Minister Trudeau climaxes Liberal campaigning in Hastings.

Immediately he has finished his campaign touchdown at Zwick's, the Conservative leader will fly to Trenton, where a jet waits at the Canadian Forces Base to fly him home.

In Hospital

Friends of Leonard Waterfall, North St., will regret to learn that he is a patient in Belleville General Hospital. He was admitted on Friday last.

Sprays

Chemical sprays do a great job when it comes to controlling weeds and insects—but, says The Canadian National Institute for the Blind, be careful not to get any in your eyes. If some insecticide does splash in, the eye should be flooded with water immediately for approximately 15 minutes. Hold the head under a faucet or pour cool water into the eye from a glass or pitcher. Do not use an eye cup. Then the eye should be examined by a doctor as soon as possible.

Keep Stirling Clean Essay Contest

Following is the second place winner in the Junior Division of the Stirling Chamber of Commerce "Keep Stirling Clean" competition.

LITTER BUG TOWN

(By Rodney Bush, Grade 3)

In Litter Bug Town there were many garbage cans. However, there never was any garbage in them. Mr. Trash Can became very angry. Every day people stood beside him or just walked right past him. Not one ever took off his lid and filled him with left over food which he had once

munched while reading old newspapers. No longer could he collect candy wrappers or enjoy bubble gum jokes.

The people of Litter Bug Town threw garbage on their sidewalks or on the lawns. Soon the town began to smell like rotting food that lay with the other trash which had piled up day after day and week after week.

Many people began talking about leaving Litter Bug Town. Then Mr. Trash Can let out the well-kept secret of all garbage cans everywhere. They see, hear, talk, and most of all they love to gobble garbage.

Mr. Trash Can told the people to pick up all the trash in their town

and put it into their starving garbage cans. In one day, the town became neat and clean. For once the people had a new problem. Now what would they name their town?

Spring Brook U.C.W.

The U.C.W. of Spring Brook United Church held a Dessert Luncheon in the Church Hall on June 6th.

The guests were received by the President, Mrs. George Williams, and Past President, Mrs. Gerald McFaul. Special interest was shown to the added attraction of a large art display, depicting seasonal local scenes, still life and a few portraits done in oils, water colours or chalk pastels.

Embroidered pictures done by Koreans, a French etching and two scenes drawn by a polio victim using a brush in her teeth were also featured. Many of the pictures were painted by local artists. The art display was convoked by Mrs. Reg. McKeown and Mrs. Clayton Burkitt.

The guests were invited to the dessert table by Mrs. Joe Thompson. The dessert table, covered with a white linen tablecloth and a pretty floral arrangement, complemented the many attractive desserts. Hostesses for the tea tables were Mrs. Harry Danford, Mrs. Mort Reid, Mrs. G. Bailey and Mrs. Doug. Andrews.

The baking skills of the members were displayed by the convokers, Mrs. S. Downer and Mrs. G. Broadworth. The sewing table was convoked by Mrs. Delbert Fleming and Mrs. Lorne Bailey. Plants were for sale at a small table convoked by Mrs. Barton.

The kitchen was under the direction of Mrs. Ralph Wellman, Mrs. Murney Mason, Mrs. Percy Mumby and Mrs. Jim Spry. Other convokers were Mrs. Percy Smith and Mrs. Arthur Reid.

I often think that it must seem strange to citizens of those countries which are still struggling to obtain free voting in a general election, that Canadians must be urged to use the vote that they have enjoyed for so many years. For more than half a century - since 1917 when women were granted the vote in federal elections - all adult Canadians have enjoyed this freedom to vote. The secret ballot was introduced in Canada in New Brunswick in 1855 and voting by secret ballot was adopted in federal elections in 1874. Before this qualified voters (men over 21) called out their choice at the polls. First votes for women in Canada were allowed in 1844. In that year widows and spinsters in Ontario were given the ballot in municipal elections. The privilege of voting has a long history in Canada. Perhaps that is why the duty that goes with this privilege is sometimes overlooked. Thousands, indeed most of us who will be voting in our federal election next week, know nothing of the struggle to obtain the vote - a struggle which is still going on in many countries. June 25 we have the chance to help for the government we feel will best lead Canada. Freedom to vote. It's both a privilege and a duty.

What help can you get that: Will work overtime without extra pay? Will take care of a thousand errands and never complain? Is always ready to be of service? Will never speak unless spoken to? Can speed across town or across the continent in seconds? Your telephone, of course. It's always there, always ready to help you accomplish more. For business and for pleasure it is always your willing servant.

Ever doodle while talking on the phone? Be careful... those little scribbles can really give you away. Psychologists say if you draw squares and checkerboards, your logical and emotionally stable; animals and birds, you're affectionate and understanding. Boats mean that you're energetic and love freedom, while drawing arrows points out that goals are high. Circles show you're a daydreamer; flowers and trees reveal that you're lonely; sketching facial features shows that you appreciate beauty. There's the analysis. Now... which one are you?

IS THIS "PROSPERITY"

*Are you happy with the second highest rate of inflation in the Western World?

An inflation that chopped three cents off the purchasing power of your dollar in 1964, four cents in 1965, five cents in 1966, six cents last year, and who knows what this year!

*Do you enjoy borrowing money at 10 percent and 15 percent interest?

It seems that when you're making your payments you never get caught up - and more times than not you end up refinancing your loan because you really can't afford the interest that is being charged.

*Do you enjoy building a home with a 10 percent mortgage?

10% doesn't seem like much if you say it fast, but depending on the length of your mortgage, you could pay well over twice the amount that your home is actually worth. For example an \$18,000 home with a 20 year mortgage now costs you \$171.30 per month which is \$41,112.00 over 20 years. Then you have to pay taxes on top of that. CAN YOU AFFORD IT??

*Do you find it difficult to make ends meet on payday?

I once heard a fellow say that to calculate the cost of living he simply takes his salary every year and adds 15%. Do you find yourself in his shoes??

THIS IS THE ANSWER A PROGRESSIVE CONSERVATIVE GOVERNMENT WILL --

*Cut the cost of living

A Progressive Conservative Government will take steps to build an expanding economy coupled with cuts in government expenditures to bring an end to the spiralling cost-of-living.

*Establish a minimum income

A minimum level of income for those who cannot become members of the work force. In this great land of ours no one should be hungry.

*Provide means for adequate housing

We must eliminate inadequate and sub-standard housing. The first step will be the formation of a Department of Housing and Urban Development. This will be placed under a minister skilled in municipal and urban problems who will work in co-operation with the provinces and municipalities. The goal of Robert Stanfield's Progressive Conservative Government is a million new dwelling units in five years; a lowering of rentals through a limited dividend program, and a plan allowing middle income earners to purchase their own dwelling unit through a condominium and a co-operative housing program. To decrease housing costs, and combat speculation, a land bank is proposed. The 11 percent sales tax on building materials will be removed.

Mount Pleasant U.C.W.

On Wednesday evening, June 12th, Mount Pleasant United Church Women convened at the Hall with twenty-nine ladies in attendance. Owing to a power interruption, the hall was lighted with pink candles set in a bed of yellow roses, and the ladies sat around a large, round table arrangement.

Mrs. Burton Sharpe presided and opened with a hymn and prayer after which she welcomed the three guests from the Carmel Unit.

Mrs. Harry McAdam, Mrs. Grant Hubble, Mrs. Robert H. Hoard and Mrs. Ralph Jeffs gave their reports and Mrs. Mac Sharp was pianist.

The July meeting will be in charge of the Messenger Group.

The programme was arranged by Mrs. Vernon Harry and Mrs. Stanley Williams. All sang "Love Divine" and The Ten Commandments were read and the meditation given on that theme.

Mrs. W. C. Cox contributed a vocal selection "Love Lifted Me" with Mrs. Kenneth Weaver as accompanist. Mrs. Ray Keating, President of Car-

mel Unit, and two members, Mrs. Robert Hearn and Mrs. Thomas Grilla, presented a skit, entitled "Show Me The Way", followed by a discussion period. Mrs. Herbert Smith conducted the Bible Study, based on St. John, 15th chapter, The True Vine, with the admonition in verse 10, "If ye keep My Commandments ye shall abide in My Love". The service closed with "Blest Be The Tie That Binds". Mrs. John Morgan and Mrs. Allen Reid furnished the refreshments, consisting of a variety of sandwiches and relishes and all enjoyed a social half hour.

St. Paul's U.C.W. Meeting

The closing meeting for summer of the U.C.W. was held Tuesday evening at the Church with 39 ladies attending.

Mrs. Donald Williams, President, welcomed all, also wishing each a happy holiday.

The Devotional opened with the singing of "Lead Kindly Light", with Mrs. Harold West as accompanist.

Miss Doris Sine, Mrs. Allan Wells, Mrs. Edward Reynolds, presented the story of "Let There be Light", in scripture, and prayer, in part, — "He is the light of the World", each must show to their fellow man the strength of their lighted lamps, and in the church and Jesus teachings, and our living is where our lamps are lit, for a lighted path leads the way to a better world, if these are practised then there is no time, nor place, for the jealous, hate, and enemy to enter, then one and all can live at peace with himself, His Lord, and his neighbor.

"Show Me the Way", followed, a skit, acted by Mrs. Thomas Grills, who was confused, and Mrs. Robert Hearn, a U.C.W. WHO IS GEORGE CUNNINGHAM? YOUR LIBERAL CANDIDATE FOR PRINCE EDWARD-HASTINGS

George Cunningham is a young man with young, fresh ideas and a sincere desire to work for the good of this riding, her people and for Canada.

Cunningham is a local man, a man concerned with our local problems. He attended school in Wellington and Consecon, and then, like so many others, answered his country's call in World War II. After two years in the Mediterranean theatre, he returned to the area determined to continue his interrupted education. He graduated from the University of Toronto in 1950 and then took a position with Northern Electric in Belleville.

He has long been vitally interested in this area and it's people, and being a positive thinker, he became involved in the local political scene. He became first, a councillor and eventually Deputy Reeve of Ameliasburgh. He now holds the position of Reeve.

Four years ago Cunningham returned to the academic life when he became part of the Geography Department at Trenton High School.

George Cunningham stresses that he is a "for" candidate: for all those things that we, as Canadians hold dear, for all those things that we, as members of this riding, want and need for our future, and for hard competent work on behalf of each and every Canadian and member of this riding.

When you vote, remember the candidate who offers the positive approach. Remember **GEORGE CUNNINGHAM**, your Liberal Candidate in Prince Edward-Hastings.

Mr. Lidster, who is the presiding minister of Jehovah's Witnesses in Stirling said: "About every six months, the congregation in Stirling gets together with twelve others in the area for a circuit assembly."

"These assemblies are family occasions. The information presented there will be of benefit to all in the family circle," said Mr. Lidster. "So, I always take my wife and two children with me. The convention obtains rooms for us at reasonable cost and we can eat at the Adam Scott, Collegiate where the Assembly is to be held."

Debate Issues

(Continued from Page 1)

"But what happened to the \$660 million in between? Wouldn't this be the problem at the bottom of things?"

GRILLS — An "alarming" number of Canadians are leaving agriculture — small farmers being pushed off the farm to swell the number of jobless.

Cheese exports — a big Quinte-area industry — could well be increased, even stocks produced in winter. Ten United States, with 200 million people, could easily import more Canadian cheese than at present.

"I'd like to see a little more free trade (with the U.S.) in the cheese industry."

BATES — National-unity outlook of the Liberal party is reflected in the national marketing-board system stabilizing prices across the country as opposed to present provincial price movements.

"These boards are a great victory for the farm movement. Farm union have been working in this direction for years."

"We (the farmers) are going to be in a much better bargaining position. I'm simply delighted at this part of the Liberal platform."

"Fly-In" Breakfast Well Attended

Getting away from it all meant getting above it all for a happy band of fliers here Sunday. The result was a hearty outdoors breakfast had by all in ideal weather — and served by members of the Oak Hills Flying Club. The big breakfast "fly-in" drew private pilots from across Southern Ontario — and a couple from Quebec. In all, 51 amateur airmen flew their private planes here in response to the wide-open invitation. Farthest point was from Bagotville, Quebec. Local visitors helped swell the crowd and club members' wives served 180 breakfasts of bacon, eggs and toast — washed down with the traditional air-hostess' offering of coffee, tea or milk.

Mount Pleasant

(By Mrs. Percy MacMullen)

Mrs. Gracie L. Morton has taught in the Allan Public School since February, 1956, and Mrs. Muriel Hoover in the Williams Public School since 1964. On June 28th, the two schools will be closed and thus ends one hundred and sixty-eight years of education at Mount Pleasant. Mrs. Percy MacMullen has compiled a souvenir four-teen page booklet. A limited number are for sale and can be ordered from her.

Mrs. George Johnston, Berkeley.

Ontario, is holidaying with her parents, Mr. and Mrs. Herbert Smith and family.

Mrs. Burton Sharpe, President of the U.C.W., and Mrs. Garth Joslin, spent Saturday at the U.C.W. Bay of Quinte Conference at Albert College, Belleville. Mrs. Kenneth Weaver was dean and Mrs. Clayton Thompson, assistant.

On June 19th, Clifford Hubble provided a generous donation for the mowing of the lawn and the general upkeep of Hubble Hill Pioneer U.E.L. Cemetery.

Mr. and Mrs. Sid Williams spent a

few days with his sister, Mrs. Howard Davis and Mr. Davis at Bayside.

Mr. and Mrs. Roy Jones, of Tweed, recently spent some time with Mr. and Mrs. Frank Hutchison.

On Sunday morning the girls' quartette rendered a vocal selection.

Mr. and Mrs. Harry McAdam and their granddaughter, Velda McAdam, Oshawa, spent a few days with the former's daughter, Mrs. Neal Tifford and Mr. Tifford, Burlington.

Mr. and Mrs. Percy MacMullen attended the funeral of their cousin, Mrs. David McConnell, Frankford, on Thursday. Mr. and Mrs. Sid Demorest, Marmora, were also in attendance.

We extend birthday felicitations to Blake Sharpe who will observe his 80th birthday anniversary on July 8th, and to a former pastor, Rev. Fred G. Joblin, Port Perry, who will attain his 90th anniversary on July 7th.

New Books
At Library

Here are titles of some more new books at the Public Library, especially to please our young readers.

Storybooks include "The Emperor and the Kite" by Jane Yollen, a fairy tale of ancient China, with unusual illustrations by Ed Young. Especially exciting are Brian Wildsmith's illustrations to "The North Wind and the Sun" — a fable from La Fontaine, and entirely different again, and just as much fun to look at, are the pages of "One Monday Morning", by Uri Schultze.

New "old favourites" are A. A. Milne's much loved "When We Were Very Young", "Now We are Six", "Winnie-the-Pooh" and "The House at Pooh Corner", with Christopher Robin and all his friends, eager little Piglets, bouncy Tiger, motherly Kangaroo and baby Roo, Owl, Rabbit and all his relations, gloomy Eeyore, and of course dear old Pooh Bear himself.

Those who enjoy dog stories, will want to read "Chalou" and "Sailor's Choice", both exciting stories by Natalie Savage Carlson, and for the adventure-minded, the titles "Sons of the Arctic" by Douglas Wilkerson, and "Windigo Wings" by Edmund Cosgrove bring a tingle of excitement and danger.

The myths of the "first Canadians", the Indians and Eskimos, are brought to you in three outstanding books of legends: "The White Archer" by Erik Christian Haugaard, the tale of an Eskimo boy whose desire for revenge changed when he found that

WATER USE
BY-LAW

Entitled a by-law for regulating the time of lawn and garden watering, and the wrongful use of water from the Municipal water system.

WHEREAS authority is granted under the Public Utilities Act R.S.O. 1960-61, Chapter 335, Section 12-12 and amendments thereto to regulate supply and to prohibit the wrongful use of water.

AND WHEREAS it is necessary to control the use of water so that all inhabitants of the Municipality may have their share of the supply and that an adequate supply of water may be stored for fire protection.

THEREFORE be it enacted and it is enacted that the hours of lawn and garden watering will be from 7:00 to 9:00 p.m. each day or at such other hours published from time to time as may be deemed necessary to conserve an adequate supply of water and that no water from the Municipal water system may be used to supply or replenish private ponds or allowed to run waste from private fountains, pools and the like.

PENALTY for the contravention of this by-law the offender is guilty of an offence and on summary conviction is liable to a fine of not more than \$20.00 or may be imprisoned without the option of a fine for a term of not more than one month.

life was far more wonderful than he had believed. "Thunder in The Mountain" by Hilda Hooke gives a real feeling of the power of the Indians love for his country Canada, and both this book and "Glooscap and His Magic", by Kay Hill, which tells the folk tales of the Wabanaki Indians, show us the vigor and underlying humour to be found in a truly Canadian culture.

In complete contrast, and yet no less a part of our heritage, are the courtly "Legends of King Arthur and His Knights", in an extremely well-told version by Sir James Knowles.

More new books are coming in, so watch for the titles in future issues — happy reading.

HOW TRUE!

The man was somewhat irritated. "Why," he asked his wife, "does a woman say she's been shopping when she hasn't bought a thing?"

Answered his wife: "For the same reason that a man says he's been fishing when he hasn't caught a thing."

Municipality Withdraws From Authority

Barrie Township Reeve (which includes both Cloyne and Harlowe hamlets) Thomas Neal, won his campaign to withdraw his municipality from the Mississippi Conservation Authority at a meeting recently of the administration committee of County Council, in the County of Frontenac.

Reeve Neal said: "We don't want the expense in Barrie Township of supporting another conservation authority. It is absolutely no value to us — the Hydro controls our water and we do already belong to the Napanee Valley Conservation Authority."

Mr. Neal was joined by Alex Tromblay, reeve of Palmerston, and by Mrs. Dorothy Gaylord, Kennebec

Reeve in protesting inclusion in this conservation authority.

Modern Motoring's Mapmaker

(Christian Science Monitor)

Mapmaking was so important to the ancient Egyptians that they had a special deity, Khonsa, known as the "planmaker." By the 5th century B.C. Anaximander of Miletus is said to have drawn a map of the world. The world today still feels the genius of Ptolemy who set forth revolutionary geographical theories in the 2nd century A.D. His map of Armenia (or later adaptation thereof) even had Noah's Ark resting on Mount Ararat.

Yet, in the sheer number of miles traveled by persons using his maps, there has perhaps never been anyone in history to compete with Otto G.

Lindberg, who has just on.

For in 1923 Mr. Lindberg conceived of that boundlessly useful necessity of the modern, motoring age — the road map.

Just as roast pig is reported (at least by Charles Lamb) to have been given the world when a Chinese swineherd's hut burned down, so road maps were born through the accident of Mr. Lindberg's having lost his way home from a fishing trip. He thereupon reputedly made up his mind to provide the public with road maps, went to the Standard Oil Company of New Jersey, and a worldwide convenience and industry was born. Probably few persons in history have better served more people but been less known for that service than Mr. Lindberg.

Refrigeration

Proper refrigeration of perishable foods (other than fresh fruits and vegetables) is the most important way to avoid food poisoning, says the federal health department publication, "Why Get Ill From Foods?" Leftovers from prepared dishes should be refrigerated within an hour and kept refrigerated until reheated.

Sandwiches, "picnic" dishes, buffet lunches, etc. should not be prepared more than four hours before they will be eaten, unless they are refrigerated while prepared foods containing eggs, meat, milk, gravy or salads with dressing should be served within two hours unless refrigerated, the publication says.

GET MORE MILEAGE FROM YOUR SILAGE

In a recent 150 day feeding trial at Watkins research farm, steers fed silage treated with Krop Keep made better daily gains than their brothers fed silage out of the same field not treated with Krop Keep.

Cost of treating the silage with Krop Keep was only 50¢ a ton, yet cattle fed treated silage gained an average of 24 lbs. a head more than those getting untreated silage... returned \$3.24 for each dollar invested in Krop Keep.

Farmers who are using Krop Keep also report improved feed conversion and less feed waste. Join the growing number of satisfied Watkins Krop Keep users.

Little bit of Krop Keep goes a long ways

One-half pound of Krop Keep treats a ton of corn or sorghum silage... one pound treats a ton of grass silage. Just sprinkle on top of each load before dumping.

Worship

Mrs. W. Harlow, assisted by Mrs. Sid Williams and Mrs. W. Fitchett conducted the devotional part of the programme, opening with hymn 280. Led by Mrs. S. Williams, the Scripture lesson from Psalm 34 was read in unison. Mrs. Harlow made comments on the lesson, the theme of which was "Faith". Mention was made of how fear seems to grip the world today — fear of hunger, violence and death. Evil spirits seem to possess the hearts of many. The consciousness of the never-failing presence of God in our lives is the greatest cure for fear. May God grant us a triumphant faith.

The offering was gathered by Mrs. E. Wannamaker and Mrs. H. Philip was consecrated by Mrs. S. Williams. A solo by Mrs. W. Fitchett, accompanied by Mrs. H. West at the piano, suitably closed the service.

Bible Study

Mrs. Y. Richardson continued her interesting study from the book, "Panorama of the Bible".

Discussion followed on the story of Exodus — the migration of the Hebrew peoples, descendants of Abraham, who had lived in Egypt for many generations as slaves, until oppression became intolerable. The story of their deliverance starts when God spoke to Moses from the Burning Bush, telling him to lead his people to freedom and the Promised Land of Canaan.

Their wilderness journey was a time of testing and suffering as they learned to understand God's ways and accept His discipline. They asked the meaning and purpose of all this suffering and their loyalty and faithfulness was tested. Perhaps the worst danger of all was their doubt of God's guidance. Our wilderness may also be any time of testing, when our danger also lies in doubting His guidance.

The question arose, "Why does God permit suffering?". "What is its purpose?"

Gradually the Hebrews conquered invaders and became possessors of the land and the long process of settlement began and had a profound effect on their life and religion. It was a new generation that finally entered the Promised Land under Joshua's leadership.

In their desert experiences, God had trained them for the task that lay before them, but the Promised Land was not captured over night and Israel nearly forgot God who had intervened so many times in the history of their deliverance. Spiritual dangers of their new way of life were just as real as anything they had met in the wilderness. There were dangers of decline in moral and spiritual standards and the Israel that finally entered the Land of Promise was in danger of forgetting the God who promised it to them.

The warning came to them as to us today: "Take heed lest you forget the Lord your God by not keeping His

commandments.

Closing
Mrs. Carlisle thanked Mrs. Richardson for her map presentation and discussion. The meeting closed with the Lord's Prayer.

For the September meeting, the leader is to be Mrs. H. Bird with Mrs. R. B. Duffin as hostess.

The social hour and cup of tea was most enjoyable and appreciation was voiced by Mrs. B. Stapley.

Grandma Had A Busy Day

Grandmother on a winter's day
Milked the cows and fed them hay;
Stopped the hogs and saddled the mule.

And got the children off to school;
Did a washing and some chores,
Swept and scrubbed a dozen floors;
Cooked a dish of home dried fruit,
Pressed her husband's Sunday suit;
Dusted the parlor, made the bed,
Baked a dozen loaves of bread;
Split some firewood and carried it in
Enough to fill the kitchen bin;
Cleaned the lamps and put in the oil
Preserved some apples she thought
would spoil;
Churned the butter and baked a cake,
And then exclaimed "For goodness
sake!"

The calves have got out of the pen,
Went out and chased them in again;
Gathered the eggs and locked the stable,
Went back to the house and set the table;

Cooked a supper that was delicious,
And afterwards washed up the dishes,
Fed the cat and sprinkled the clothes,
Mended a basket full of hose;
Then opened the organ and began to play,
"When You Come To The End Of
A Perfect Day."

Keep cut flowers fresh by adding
a lump of sugar to the water.

The Chip

A merry group of Senior Citizens met last Thursday and our number was reinforced by three visitors — Eva and Murney Hick, of Belleville, who left here years ago (you'd think they ought to be growing older, but, by golly, they don't look it) and Helen Reed, of nearby Sidney. We love to entertain visitors. Come again. Vice Pres. Fred was the big toad in the small puddle. He not only chaired the meeting but he provided the lunch (alone). Now, dis ole Scribe thought he recognized Sally Ward's fingerprints on the lovely cookies. Thank you, Fred and Sally.

Dis ole Scribe likes to see a political fight but when it's over, he likes the idea of pulling together and the following is just what he's trying to

say:
You can carry a pack if its strapped to your back.
You can carry a weight in your hands.
You can carry a bundle on top of your head
As they do in other lands.
A load is light if you carry it right,
Though it weighs as much as a boulder;
But a tiny chip is too heavy to bear
If you carry it on your shoulder.

Hotel Owner: "Did you find any hotel towels in Bill's suitcase?"
Hotel Detective: "No, but I found a chambermaid in his grip."

By the time a man is in shape to buy his wife beautiful clothes, she isn't.
